**MEMORANDUM FOR: Deputy Director (Intelligence)**

**SUBJECT: Clandestine Action in Support of the U. S.  
Berlin Policy**

1. Attached is a memorandum written in response to Dr. Kissinger's request for a survey of clandestine actions which might possibly be undertaken in support of the U. S. position on Berlin. It is requested that you make clear to him, in forwarding this, that the memorandum is informal and does not represent a recommendation by the Agency that these actions be undertaken.

2. I presume you will brief the Director on this paper. We have coordinated the memorandum with the CA Staff and sent a copy to the Deputy Director (Plans).
